RE: Modification to Speed Limit Hwy 73 to Neshkoro

The Mayor and staff were approached regarding the potential lowering of the speed limit from 55 mph to 45 mph on a portion of Hwy 73 as it travels out of town toward Neshkoro.

Presently the 35 mph speed limit ends at the top of the hill by Summit Mill. At that point it raises to 55 mph even though you are still in the City limits. The Wastewater Treatment Plant driveway is in this stretch and the reduction would continue past Mashuda Contractors, both of which will have heavy truck traffic. This would be about six-tenths of a mile. By creating a 45 mph area from the Summit Mill to Cty Trk "Y", it would provide a transaction in speed and increase safety.

Being a state highway, the City cannot change the speed limit but can provide the County a letter of support which they will discuss and present to the State.

RE: Façade Application – Matt Trotter / American House

Attached is a Façade Application for the American House property

Last month the application included a couple of items which needed a variance as the application as presented included a wall sign and an off-premises sign.

The applicant has adjusted the application just to reflect just repair and repainting the north side of the building.

If the applicant wishes to do the painting of the sign or the directional information on the wall, that will require a Board of Appeals variance.

The City portion for this façade approval for this application is \$1000.

RE: Sewer Rate Increase

Budget discussions in the fall include the utility accounts of water, electric, and sewer. The sanitary sewer budget is funded by the revenue received from utility bills. The sewer operating budget includes a portion of wages/benefits, operational expenses, contracted labor (the cost of repair of sewer lines), and about 23% of the budget annually goes to debt payment annually and 15% goes to the sewer depreciation account, and 20% shown as the Pilot payment to the municipality. The total of budget dollars for non-operational activities is about 58% of the budget

Several of our past sanitary projects were funded through USDA loans. Our annual payment of principal and interest is about \$80,000 annually and continually until 2045.

It is also required that the WWTP has a reserve amount on hand to cover replacement costs. A municipality must keep adequate money in reserve to cover replacement costs.

Presently our cash flow does not cover the meet our needs and was further highlighted in the annual review audit of the accounts by the USDA.

At this time staff is recommending a sewer rate increase and in the next month will provide a more detailed outline of the rate structure. The last sewer rate increase was done in February 2007 which is a significant time span and worthy of an adjustment. The sewer is not governed by the Public Service Commission and the rate increase is achieved through Council appropriations.

COUNCIL REPORT

To: City Mayor, Common Council
From: Mary Lou Neubauer, City Administrator/Clerk/Treasurer
Date: May 13, 2014
RE: Zoning Administrator Position

Earlier this year the City Council accepted the resignation of the Zoning Administrator/Code Enforcement officer, Randy Douglas. In February a newspaper ad was placed which generated an inquiry from two consultants, but they did not submit a proposal, and recently an application from Michael Pulice was received.

The duties and expectations of the position were overviewed with Mike and he is willing to undertake the position. He is familiar with the Princeton area and I believe he has the ability to undertake the duties.

The proposed contract for this position is attached. As the Zoning Administrator works closely with the Police Department, the Chief has indicated that he knows Pulice and would be able to work with him to achieve the desired outcome especially as it relates to clean-up activities.

Article L: Administration

Sec. 13-1-150 General Administrative System.

This Chapter contemplates an administrative and enforcement officer entitled the "Zoning Administrator" to administer and enforce the same. Certain considerations, particularly with regard to granting of permitted conditional uses, planned unit development conditional uses, changes in zoning districts and zoning map, and amending the text of this Zoning Chapter require review and action by the Common Council. A Zoning Board of Appeals is provided to assure proper administration of the Chapter and to avoid arbitrariness.

Sec. 13-1-151 Zoning Administrator.

- (a) The Common Council shall designate a City official to serve as the Zoning Administrator and as the administrative enforcement officer for the provisions of this Chapter. The duty of the Zoning Administrator shall be to interpret and administer this Chapter and to issue, after on-site inspection, all permits required by this Chapter. The Zoning Administrator shall further:
- (1) Maintain records of all permits issued, inspections made, work approved and other official actions.
 - (2) Record the lowest floor elevations of all structures erected, moved, altered or improved in the floodland districts.
 - (3) Establish that all necessary permits that are required for floodland uses by state and federal law have been secured.
 - (4) Inspect all structures, lands and waters as often as necessary to assure compliance with this Chapter.
 - (5) Investigate all complaints made relating to the location of structures and the use of structures, lands and waters, give notice of all violations of this Chapter to the owner, resident, agent or occupant of the premises and report uncorrected violations to the City Attorney in a manner specified by him.
 - (6) Prohibit the use or erection of any structure, land or water until he has inspected and approved such use or erection.
 - (7) Request assistance and cooperation from the Zoning Administrator, Building Inspector and City Attorney as deemed necessary.
- (b) Due to the size of the City of Princeton it may not be feasible to find a suitable person willing to take on the responsibility of being Zoning Administrator on a part-time basis. It is therefore provided that the function of the Zoning Administrator can be delegated to a committee of the Council or a single member of the Council or the Mayor. An officer other than a Council member or another employee of the City may also be designated to handle the duties of Zoning Administrator on part-time basis in addition to the other duties performed by such person. In the absence of a different appointment being made, the City Clerk shall serve as the Zoning Administrator.

RE: Community Development Authority utilization

A recent discussion between a couple of the newly appointed Community Development Committee members has sparked some interest in the revitalization efforts within the City.

Noting the “Partnership 21” project which was undertaken in the 1990’s prior to the downturn of economics state & nationwide, some of the membership has expressed an interest in undertaking revitalization and marketing efforts to enhance the promotion of the community as a whole.

Knowing that a well rounded community with a balance of residential, commercial and service industries, the CDA is scheduled to meet to generate some statistical information which can be used for economic development efforts with the ultimate goal to spark growth or lay the groundwork for future projects.

The new code section outlining the CDA responsibilities are attached. Although we won’t be undertaking efforts in the exact same capacity as outlined in our code, the membership projects will be reported to the Common Council on a regular basis.

The initial meeting of the group is scheduled for Tuesday, May 20th at 5:30 p.m. in the City Council Chambers.
